RAINBOW BRACELETS

★ These colourful bracelets will complement all your looks perfectly!

Make a few in the colours of your choice, then attach charms for added dazzle!

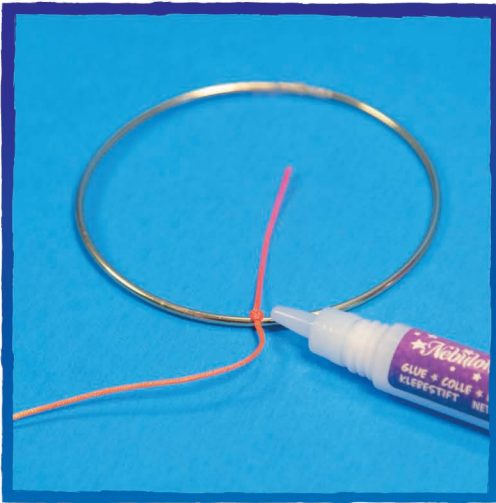

Material:

- ★ Bracelets
- ★ Approx. 2.5 m of multicoloured string per bracelet
- ★ Approx. 1 m single-colour string per bracelet
- ★ Scissors
- ★ Glue
- ★ Small open rings
- ★ Charms
- ★ Jewelry pliers

Tip

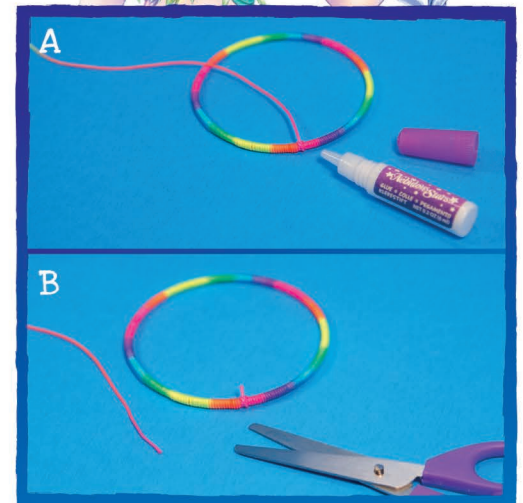

If you don't have multicoloured string, wrap part of your bracelet with single-colour string. Then change to another colour of string to wrap another part of your bracelet, and so on. Your bracelet will have a rainbow of colours!

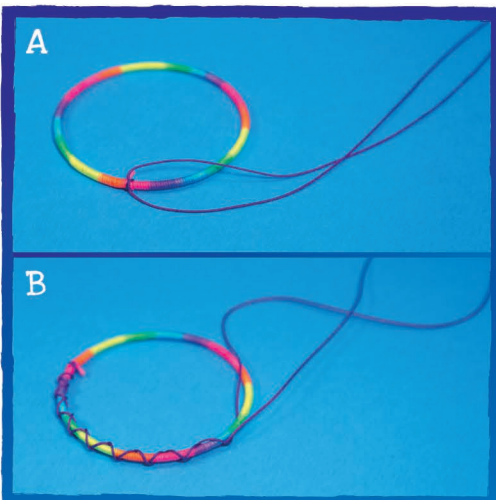

1 Attach the **multicoloured string** to the bracelet by tying a knot. Put a drop of glue on the knot to secure it.

2 Wrap the string around the bracelet. Pull the string as tight as possible.

3 **A.** Tie a knot at the end and put a drop of glue on it.
B. Cut off the excess string.

4 **A.** Tie the single-coloured string to the bracelet in a knot. Try to have 2 pieces of string that are of the same length.
B. Criss-cross the strings around the bracelet.

5 Tie a knot and put a drop of **glue** on it. Cut off the excess string.

6 Attach **charms** to the bracelet with open rings, using **jewelry pliers**.

You can use the strings and charms included in this best friend bracelet set.
