2

Once you've made the petal, curve it slightly as shown in the picture.

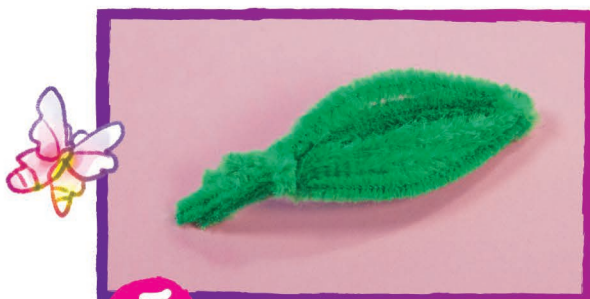

3

Repeat steps 1 and 2 to make 6 petals.

4

With the hot glue gun, attach the petals around the end of the paper straw.

5

Next, take 2 green pipe cleaners and repeat step 1, to create a leaf.

6

Glue the leaf to the straw with hot glue. Then wrap the straw with green tape to finish the flower.

TIP!

To create a flower pencil, simply replace the paper straw with a pencil or pen!
